

# POST GRADUATE COURSE 2022

We are delighted to invite you to participate in a Post Graduate Course offered by The Welsh School of Homoeopathy.

After the great success of the last few years, it is back by popular demand!

It will be facilitated together by our two core teachers -

**Linda Gwillim and Bill Rumble.**

This will take place at the School (17 Bridge Street, Carmarthen, SA31 3JS) and comprise of four two-day seminars (Thursdays/Fridays) 10 - 5pm, to be held on:

**January 27/28<sup>th</sup> 2022**

**February 24/25<sup>th</sup>**

**March 24/25<sup>th</sup>**

**April 28/29<sup>th</sup>**

The total cost of the course will be £600 with reduction for early booking - please see over for methods of payment.

There will be a limited number of places available for the course, which will be open to all interested homoeopaths - so we would encourage you to book early.

We really hope to see you there!!

## Revitalise and Enliven Your Practice

***Aphorism 84 'The physician sees, hears, and notices through the remaining senses what is altered or unusual about the patient.'***

***This course primarily focuses on case taking, case analysis, prescribing and case management.***

During the course, our focus will be on the process rather than the content.

We will be practicing incorporating our own signals through seeing, hearing, feeling and sensing - this will be done through group work and creative exercises. In other words, exploring what we do naturally but often ignore! We will also be working with 'live' clinic patients to put our learning into practice.

Participants will also be fully encouraged to bring along their own cases and experiences to act as material from which to expand this process.

Linda and Bill aim to co-facilitate this course which will hopefully encourage lively debate and a sharing of the different styles and dynamics brought to our individual homoeopathic practices. Between them they have a wealth of practice experience! Please feel free to contact them if you have any questions related to the course.

'This course has helped to put me back in touch with myself and my practice. It gave me the opportunity to reflect on my current practice and wash out the aspects that weren't benefiting me. I would thoroughly recommend this course if you need a bit of reinvigorating and shaking up!' DH.

'I was losing confidence in myself as a homoeopath - the process has been like a big light going on, my practice is seeing the results and my love of Homoeopathy is regained.' RD.

'I loved it and intend to do it again next year. It stimulated me to really explore my own process in a nurturing environment. Being taught by Linda and Bill together encouraged us to do deep work. I feel much more confident in the way I want to practice and have since really felt the benefit in my work.' HB.
